We wrote you last year with regard to Dr. Carl Seltzer's continuing his research work at the Peabody Museum following his retirement from the School of Public Health. Arrangements were made to provide continued support on the basis described in the attached letter dated April 16, 1976.

Dr. Seltzer has indicated his interest in continuing the arrangement. The cost of a year's continued support from July 1, 1977, through June 30, 1978, would be \$50,000, the amount allotted last year.

We recommend continued support of Dr. Seltzer's work as a CTR Special Project.

Sincerely,

Bill Shinn
